

Texas Newspapers on Microfilm

Texas/Dallas History and Archives
Dallas Public Library

The following is a list of the newspapers on microfilm held in the Texas/Dallas History and Archives Division of the Dallas Public Library for patron use. The titles designated with a roll letter are included in the name index of early Texas newspapers from the University of Texas Library. Any dates enclosed in brackets indicate missing issues on the film. The newspapers on reels marked misc are often not in order and not always together. Check the side of the individual box for what dates are actually on each reel. Many of the newspapers in the 1880's and early 1900's changed their names from weekly or daily but were really the same newspaper. All of the newspapers are listed alphabetically by the town where they were printed.
