Microfilm	1 roll		Locality	Ohio
-----------	--------	--	----------	------

On 3 March 1863 the Ohio State Auditor directed that there be an enumeration of Blacks immigrating to Ohio between 1861–1863. Half of the counties responded, and the names of 1,375 individuals are contained in the reports. There are four indexes to the records: one alphabetical by name of individual, another by county of residence in Ohio, another by former state of residence, and a fourth for questionable entries.

Taxation

1812 Tax Duplicate Ohio.

Microfilm	7 rolls		Locality	Ohio
-----------	---------	--	----------	------

These are duplicates of land tax and residents for various Ohio counties in 1812. The first two rolls are the copies of the tax lists. The last five rolls are copies of the alphabetical index. Of the counties in existence in Ohio in 1812, no lists survive for Wayne, Medina, Darke, Huron, and Richland Counties were unorganized so they too lack lists. Ohio's 44 other counties, however, are represented. The lists are not uniformly arranged. Most of the counties are alphabetical for the entire county, but some are alphabetically by each township within the county. Others are arranged under specific land grants. Geauga and Delaware are backwards from Z to A.

It is imperative to remember that Ohio granted a five year exemption for residents before imposing taxes so this listing would indicate residents who had been in the state in 1807 or earlier.

A published version of the index is *1812 Census of Ohio, A State-Wide Index of Taxpayers*, R929.3771/E34/1992.
